Dear Councilor Mallon,

I am writing to encourage you to support divestment from Hewlett Packard and it's subsidiaries.

As a former resident of Cambridge, I have always been proud of this city's reputation as a courageous supporter of human rights and justice.

This is another important opportunity to stand on the correct side of history. Hewlett Packard is a prime player in the devastation of the Palestinian people through their complicity in the blockade of Gaza and the basel identity chip similar to the identification mechanisms used in South Africa to separate and segregate the populations.

I am Jewish. This may be labeled as anti -Semitic, but that's a ruse to stifle necessary and legitimate criticism of Israel. This is a matter of life and death!

Thank you.

Hopefully,
